

Change is Brewing.

Morgan for Congress

Raise the B.A.R.

B

Balance the Budget

Washington has a spending problem. We need leaders who will make tough choices to balance our federal budget and stop passing debt to our children.

- ✓ Demand a balanced budget amendment
- ✓ We now owe \$109,000 per person in debt
- ✓ We must reinstitute the Deficit Reduction Act
- ✓ Protect Social Security and Medicare through responsible reform

A

Affordability

Families in our District are stretched thin. From groceries to gas to insurance, the cost of living keeps climbing while wages stagnate. That has to change.

- ✓ Reinstatement health care subsidies
- ✓ Wall Street at record highs while Main Street struggles
- ✓ Support small business growth and local jobs
- ✓ Raise the historically low taxes on corporations and the uber wealthy

R

Respect

We can disagree without being disagreeable. Our District deserves a representative who listens to all constituents, and who is actually from District 6!

- ✓ Respect those who work for us
- ✓ Receive respect from those who serve us
- ✓ Work across the aisle to get things done
- ✓ Treat every constituent with dignity

Morgan for Congress

House of Representatives Candidate for the Democratic Primary 8/18/26

Florida District 6

Meet Steve Morgan

Steve Morgan is not a career politician. He's an entrepreneur, a brewer, and a problem solver who believes District 6 deserves better representation.

A graduate of Duke University, the Anderson School at UCLA, and the University of Tennessee College of Law, Steve has spent his career building businesses, creating jobs, and investing in the communities he calls home. He founded Alcatraz Brewing Company, bringing people together over craft beer and good conversation.

As a fiscally conservative Democrat, Steve believes in balanced budgets, personal responsibility, and treating people with respect regardless of party. He's running because he's tired of watching politicians play games while working families struggle.

Steve runs a brewery, plays water polo and swims, and knows the challenges facing our families firsthand. Steve actually lives in District 6. The incumbent Republican Randy Fine DOES NOT. He lives in the Space Coast over 80 miles from our District.
